READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 1. GENERAL PROVISIONS

PART A. BUSINESS OF COURTS

Rule 120. Definitions.

* * * *

COPY is an exact duplicate of an original document, including any required signatures, produced through mechanical or electronic means and includes, but is not limited to, copies reproduced by a photocopier, transmission using facsimile equipment, or by scanning into and printing out of a computer.

COUNTY AGENCY is the county children and youth social service agency established pursuant to the County Institution District Law, 62 P. S. § 2305 (1937), or established by the county commissioners in the judicial districts where the County Institution District Law was abolished, 16 P. S. §§ 2161 and 2168, and supervised by the Department of Public Welfare pursuant to the Public Welfare Code, 62 P. S. § 901 *et seq.*

COURT is the Court of Common Pleas, a court of record, which is assigned to hear juvenile delinquency matters. Court shall include masters when they are permitted to hear cases under these rules and magisterial district judges when issuing an arrest warrant pursuant to Rule 210. Juvenile Court shall have the same meaning as Court.

DESTROY or DESTRUCTION is to erase permanently or the process of permanent erasure of an item leaving no trace or indication that it ever existed.

DETENTION FACILITY is any facility, privately or publicly owned and operated, designated by the court and approved by the Department of Public Welfare to detain a juvenile temporarily. The term detention facility, when used in these rules, shall include shelter-care. Detention facility shall not include any county jail or state prison.

DISPOSITION is a final determination made by the court after an adjudication of delinquency or any determination that ceases juvenile court action on a case.

EDUCATIONAL DECISION MAKER is a responsible adult appointed by the court to make decisions regarding a juvenile's education when the juvenile has no guardian or the court has limited the guardian's right to make such decisions for the juvenile. The educational decision maker acts as the juvenile's representative concerning all matters regarding education unless the court specifically limits the authority of the educational decision maker.

EXPUNGE or EXPUNGEMENT is to erase legally or the process of legal erasure of the juvenile record or the sealing of the record making it permanently unavailable to the public but where some information may be retained only by a juvenile justice agency for limited purposes as provided in Rule 173.

GUARDIAN is any parent, custodian, or other person who has legal custody of a juvenile, or person designated by the court to be a temporary guardian for purposes of a proceeding.

HEALTH CARE is care related to any medical need including physical, mental, and dental health. This term is used in the broadest sense to include any type of health need.

INSPECTION is the official examination of a document or evidence as authorized by Rules 160 and 161.

INTAKE STAFF is any responsible person taking custody of the juvenile on behalf of the court, detention facility, or medical facility.

INTELLIGENCE INFORMATION is information concerning the habits, practices, characteristics, possessions, associations, or financial status of any juvenile compiled in an effort to anticipate, prevent, monitor, investigate, or prosecute delinquent activity.

INVESTIGATIVE INFORMATION is the information assembled as result of the performance of any inquiry, formal or informal, into delinquent activity or an allegation of a delinquent act and may include *modus operandi* information.

ISSUING AUTHORITY is any public official having the power and authority of a magistrate, [a Philadelphia bail commissioner] an arraignment court magistrate, or a Magisterial District Judge.

JUDGE is a judge of the Court of Common Pleas.

JUVENILE is a person who has attained ten years of age and is not yet twenty-one years of age who is alleged to have, upon or after the juvenile's tenth birthday,

committed a delinquent act before reaching eighteen years of age or who is alleged to have violated the terms of juvenile probation prior to termination of juvenile court supervision.

JUVENILE JUSTICE AGENCY is any court, including the minor judiciary, or any other governmental agency specifically authorized to perform the administration of juvenile justice as its function. Juvenile justice agencies include, but are not limited to, organized State and municipal police departments, probation agencies, district or prosecuting attorneys, the Juvenile Court Judges' Commission, the Administrative Office of Pennsylvania Courts, or any such persons, agencies, or departments as determined by the court to be juvenile justice agencies.

JUVENILE PROBATION FILES are those records formally maintained by the juvenile probation office and its officers, including, but not limited to, copies of information contained in the official juvenile court record; social studies; school records and reports; health evaluations, screenings, assessments, records, and reports, including psychological and psychiatric evaluations and reports, drug and alcohol testing, evaluations, and reports; placement reports and documents; employment records; and probation reports.

JUVENILE PROBATION OFFICER is a person who has been appointed by the court or employed by a county's juvenile probation office, and who has been properly commissioned by being sworn in as an officer of the court to exercise the powers and duties set forth in Rule 195, the Juvenile Act, and the Child Protective Services Law.

JUVENILE RECORD is the information collected and retained by juvenile justice agencies concerning juveniles, and arising from the initiation of delinquency proceedings, consisting of identifiable descriptions, dates and notations of arrest, written allegations, petitions, other formal charging documents, official court records, and any dispositions arising from those records. The juvenile record does not include intelligence information or investigative information that is maintained separately by law enforcement agencies.

LAW ENFORCEMENT OFFICER is any person who is by law given the power to enforce the law when acting within the scope of that person's employment.

* * * * *

RECORDING is the means to provide a verbatim account of a proceeding through the use of a court stenographer, audio recording, audio-visual recording, or other appropriate means.

SERVICE PROVIDER is any entity that provides services to juveniles pursuant to a proceeding under the Juvenile Act, 42 Pa.C.S. § 6301 *et seq.*

SOCIAL STUDY is a pre-dispositional report, which summarizes important information concerning the juvenile to aid the court in determining the disposition.

* * * * *

Comment

A party to the proceedings is not to function as the clerk of courts. Because the clerk of courts maintains the

official court record, this person is to remain neutral and unbiased by having no personal connection to the proceedings.

"Clerk of courts" is the person given the power under state law or local practice to maintain the official court record. See Rule 166 for additional responsibilities of the clerk of courts.

The county institution districts, as used in the definition of "county agency," in counties of the fourth, fifth, sixth, seventh, and eighth classes were abolished pursuant to 16 P.S. § 2161. It is the county commissioners' duties in the counties of those classes to provide the children and youth social service agency with the necessary services for the agency to provide care for the child. See 16 P.S. § 2168.

Under the term "court," to determine if masters are permitted to hear cases, see Rule 187. See Rule 210 for the power of magisterial district judges to issue arrest warrants.

"Destroy" and "expunge" do not have the same meaning. "Destroy" is to erase *permanently*, whereas "expunge" is to erase *legally* or seal the record. Unless authorized by rule or otherwise provided by law, no person is to have access to expunged items. Only in extraordinary circumstances would a record be opened by court order, such as to retrieve specific information not clarified or documented correctly pursuant to Rule 173. However, specific information from juvenile records could be retained for limited purposes. See Rule 173 and its Comment.

"Detention facility" is not to include any county jail, state prison, penal institution, or other facility used primarily to detain adults who have not been released on bail and who are alleged to have committed a criminal offense. However, nothing in this rule precludes the use of a county jail or state prison for minors when criminal proceedings have been commenced. For example, a minor may be detained in a county jail for a direct-file case when it is alleged a criminal offense has been committed.

* * * * *

"Health care" includes, but is not limited to, routine physical check-ups and examinations; emergency health care; surgeries; exploratory testing; psychological exams, counseling, therapy and treatment programs; drug and alcohol treatment; support groups; routine eye examinations and procedures; teeth cleanings, fluoride treatments, fillings, preventative dental treatments, root canals, and other dental surgeries; and any other examination or treatment relating to any physical, mental, and dental needs of the juvenile.

The term "intelligence information" may include information on prescribing, dispensing, selling, obtaining, or using a controlled substance as defined in Controlled Substance, Drug, Device and Cosmetic Act, 35 P.S. § 780-101 *et seq.*

The term "judge" refers to a judge of the Court of Common Pleas, including senior judges when they are properly certified. It does not include masters or magisterial district judges. Magisterial district judges, however, are included within the definition of ["courts"] "court" when they have the power to issue *arrest warrants* pursuant to Rule 210. See discussion *supra* under definition of "court." Arrest warrants are distinguished from bench warrants pursuant to Rules 140 and 141. Only

judges of the Court of Common Pleas may issue bench warrants if the juvenile: 1) fails to appear at a hearing; or 2) absconds from the court's supervision.

* * * * *

A properly commissioned juvenile probation officer is vested with all the powers and duties set forth in 42 Pa.C.S. § 6304, and the power to take a child into protective custody as a duly authorized officer of the court pursuant to 42 Pa.C.S. § 6324 unless the President Judge has limited such authority pursuant to Rule 195. *See also* 23 Pa.C.S. § 6315.

“Juvenile records,” as used in these Rules, do not include investigative and intelligence information kept separately by law enforcement agencies or the attorney for the Commonwealth. Those documents kept separately by law enforcement agencies are not subject to Rules 170 and 172. *See* 18 Pa.C.S. §§ 9105 & 9106. *See also* Rule 173 for retention of specific information from juvenile records.

Neither the definition of “law enforcement officer” nor the definition of “police officer” gives the power of arrest to any person who is not otherwise given that power by law.

The “official court record” is to contain all court orders, court notices, docket entries, filed documents, evidence admitted into the record, and other court designated documents in each juvenile case. The court may also designate any document to be a part of the record. It does not include items contained in juvenile probation files unless they are made a part of the official court record by being filed with the clerk of courts.

A “petition” and a “written allegation” are two separate documents and serve two distinct functions. A “written allegation” is the document that initiates juvenile delinquency proceedings. Usually, the “written allegation” will be [**filed**] **submitted** by a law enforcement officer and will allege that the juvenile has committed a delinquent act that comes within the jurisdiction of the juvenile court. This document may have been formerly known as a “probable cause affidavit,” “complaint,” “police paper,” “charge form,” “allegation of delinquency,” or the like. Once this document is submitted, a preliminary determination of the juvenile court’s jurisdiction is to be made. Informal adjustment and other diversionary programs may be pursued. If the attorney for the Commonwealth or the juvenile probation officer determines that formal juvenile court action is necessary, a petition is then filed.

PART C. RECORDS

PART C(1). ACCESS TO JUVENILE RECORDS

Rule 163. Release of Information to School.

A. *Generally.* Upon finding a juvenile to be a delinquent, the court shall, through the juvenile probation office, provide the following information to the building principal or his or her designee of any public, private, or parochial school in which the juvenile is enrolled:

- 1) name and address of the juvenile;
- 2) the delinquent act or acts that the juvenile was found to have committed;
- 3) a brief description of the delinquent act or acts; and
- 4) the disposition of the case.

B. *Notice to school.* In addition to the information provided in paragraph (A), the juvenile probation office shall provide notice of the following information:

1) a statement informing the building principal or his or her designee that information received under this rule:

a) shall be maintained separately from the juvenile’s official school record;

b) is for the limited purposes of:

- i) protecting school personnel and students; and
- ii) arranging for appropriate counseling and education for the juvenile;

c) may not be used for school disciplinary decisions concerning the juvenile unless:

i) the juvenile was under the supervision of the board of directors at the time of the incident;

ii) the act or acts that were substantiated by the court took place on or within 1,500 feet of the school property; and

iii) the school has complied with all other statutory, regulatory, and constitutional provisions relative to the imposition of school discipline; and

d) shall be shared with the juvenile’s teachers.

2) a statement informing the building principal or his or her designee of the requirement to:

a) maintain a log of all school district employees, or building principals or their designees from other school districts, to whom this information was subsequently provided when a juvenile was transferred to another school; and

b) provide a copy of the notice as listed in paragraph (B)(1) to the new school.

[B.] C. *Additional information.*

1) If the juvenile is adjudicated delinquent of a felony offense, the court, through the juvenile probation office, shall provide to the building principal or his or her designee relevant information regarding the juvenile contained in the juvenile probation or treatment reports pertaining to the adjudication, prior delinquent history, and the supervision plan of the juvenile.

2) The court or the juvenile probation office shall have the authority to share any additional information regard-

ing the juvenile under its jurisdiction with the building principal or his or her designee as deemed necessary to protect public safety or to enable appropriate treatment, supervision, or rehabilitation of the juvenile.

D. Acknowledgement of notice and information. The building principal or his or her designee shall provide written acknowledgement to the juvenile probation office of the receipt of, and the requirements and restrictions pertaining to, the information provided under this rule.

[C.] E. *Transfers to other schools.*

1) Any information provided to and maintained by the building principal or his or her designee under this rule shall be transferred to the building principal or his or her designee of any public, private, or parochial school to which the juvenile transfers enrollment.

2) When this information is transferred to an official from another school district, the building principal or his or her designee shall include a copy of the notice initially provided by the juvenile probation office pursuant to paragraph (B).

3) The building principal or his or her designee shall maintain a log of all individuals from other school districts to whom this information is subsequently provided, and shall inform the juvenile probation office upon providing this information to officials from other school districts.

[D.] F. *Maintained separately.* Any information provided to the building principal or his or her designee under this rule shall be maintained separately from the juvenile's official school record.

[E.] G. *Dissemination.* Unauthorized dissemination of any information contained in the school record to any unauthorized person, agency, or department may result in a finding of contempt of court.

Comment

Pursuant to paragraph (B), the juvenile probation office is required to provide notice to the building principal or his or her designee for maintaining court records separately from official school records. Some school districts have established local policies relating to the receipt of this information that requires the information to be provided to a school district official other than a building principal. That individual should be regarded as the building principal's designee with respect to the provisions of this rule.

The delinquency information in the school record is to be used only by school officials and is not to be released to the general public or third parties unless ordered by the court. In addition, information sent to the school may not be used for disciplinary purposes against the juvenile. The juvenile probation office should send a notice to the school when it sends information to the school concerning the findings of the court. The notice should state that any information received by the school should not be used against the juvenile for disciplinary reasons, including suspensions and expulsions. *See* 42 Pa.C.S. § 6341(b.1)(4).

The requirements in paragraph (B) are derived from 42 Pa.C.S. § 6341(b.1)(4), 24 P. S. § 5-510; *D.O.F. v. Lewisburg Area School District*, 868 A.2d 28 (Pa. Commw. Ct. 2004) (holding schools do not have the authority to discipline students, even for actions on school property, if they are not currently

under school supervision); and *Hoke ex rel. Reidenback v. Elizabethtown Area School District*, 833 A.2d 304 (Pa. Commw. Ct. 2003).

For further dissemination and usage in school, see 42 Pa.C.S. § 6341(b.1).

In paragraph (D), nothing is intended by this rule to preclude acknowledgement by electronic means.

Pursuant to paragraph (F), information provided by the court is to be kept and maintained separately from the juvenile's official school record. If the court has ordered a record to be expunged, the court, concurrently, is to order the destruction of the information provided to the school by the court, including information subsequently provided to another school. The terms "expunged" and "destruction" should not be confused in this Comment. Because the school does not fall within any category for retention of information pursuant to Rule 173, there is no reason for the school to maintain its information. Therefore, the school is to destroy all information received from the court.

Official Note: Rule 163 adopted April 1, 2005, effective October 1, 2005. Amended May 21, 2012, effective August 1, 2012. Amended July 28, 2014, effective September 29, 2014.

Comment

[See 18 Pa.C.S. § 9123 for records that may be expunged and 42 Pa.C.S. § 6341(a) for destruction of fingerprints and photographs.]

Paragraph (A) provides that any party may file a motion to expunge or destroy records, files, fingerprints, or photographs, or the court, *sua sponte*, may commence expungement proceedings.

Under paragraphs (A)(1) & (2), the written allegation or petition may be dismissed for several reasons, including, but not limited to, when: 1) a juvenile completes an informal adjustment or diversionary program; 2) the attorney for the Commonwealth declines to prosecute; 3) probable cause is not found at the detention hearing pursuant to Rule 242(C)(1); 4) there is no finding on the offenses pursuant to Rule 408(B); or 5) there is no finding of a need for treatment, supervision, and rehabilitation pursuant to Rule 409(A)(1). Expungement proceedings may be commenced upon these dismissals of the written allegation or the petition.

Under paragraph (B)(6), any number assigned to police papers helpful in tracking the police report or written allegation that would assist the law enforcement agency in expunging or destroying the document is to be listed. A reference number could be an offense tracking number, district control number, crime control number, incident

number, Philadelphia identification number, or another number assigned by the law enforcement agency to track the document.

Pursuant to paragraph (B)(9), the reasons for expunging the records or destroying fingerprints and photographs are to be included in the motion, specifically citing which provision of paragraph (A) applies.

“Expunge” or “expungement” is defined by Rule 120, which means to erase legally, or the process of legal erasure of an item making it permanently not available to the public but where some information may be retained only for limited purposes by agencies or departments. *See* Rule 173. *See also* Comment to Rule 120.

Rule 173 provides for the retention of certain information that is crucial for: 1) determining compliance with the order to expunge; 2) determining eligibility in a court program, determining the grading or penalty of an offense, or for other purposes as provided by law; 3) maintaining statistical and research information; 4) maintaining intelligence and investigative information; and 5) financial audits.

The new procedures instituted with the changes of 201- require one procedure for expunging or destroying records, fingerprints, and photographs. One order will go to the appropriate agencies and departments as required by Rule 172 and will help those agencies become more efficient in the manner in which items are destroyed or expunged.

Pursuant to paragraph (D), the attorney for the Commonwealth is given an opportunity to respond to the motion. The attorney for the Commonwealth should specify its position on whether items should be expunged or destroyed. Expunged items remain available to law enforcement agencies and the attorney for the Commonwealth in limited circumstances, whereas destroyed items are permanently erased. The attorney for the Commonwealth should consent to expunging records unless the attorney for the Commonwealth demonstrates good cause for the retention of records. *See In re A.B.*, 987 A.2d 769 (Pa. Super. Ct. 2009).

The reasons for maintaining information pursuant to Rule 173 do not qualify as good cause against expunging records under this rule. Maintenance of specific information is different from the maintenance of the official court record or other official records of the juvenile probation office or a law enforcement agency. Pursuant to Rule 173, a separate document, file, or database is to be created. *See* Rule 173 and its Comment.

If the attorney for the Commonwealth objects to expunging or destroying the records, the court should conduct a hearing on the motion.

Pursuant to paragraph (E)(3), the court is to consider adverse consequences that an individual may suffer if the records are not expunged. Adverse consequences are discussed in The Pennsylvania Collateral Consequences Checklist instituted by Pennsylvania Juvenile Indigent Defense Action Network in conjunction with the initiative the Models for Change System Reform in Juvenile Justice. This checklist may be assessed on the Supreme Court's website at <http://www.pacourts.us/T/BoardsCommittees/JuvenileCourtProcedural/>.

The attorney for the Commonwealth in the county in which a motion is filed in an inter-county transfer case pursuant to paragraph (F) should provide notice of the motion to, and communicate with, the attorney for the Commonwealth and the juvenile probation office in the county to which, or from which, the case was transferred.

Notwithstanding this rule, *see* 18 Pa.C.S. § 9123(a.1) for cases that are ineligible for expungement proceedings. *See also* 42 Pa.C.S. § 6341 for destruction of fingerprints and photographs.

Rule 172. Order to Expunge or Destroy.

A. *Contents.* Any order to expunge or destroy the official court record, juvenile probation [records] files, docket entries, law enforcement records, or fingerprints and photographs shall include the following information:

- 1) [All] all items contained in Rule 170(B);
- 2) a directive specifically identifying which items shall be expunged or destroyed, including all law enforcement records, juvenile probation files, official court records, other juvenile records, fingerprints, photographs, and any other information pertaining to the arrest;
- 3) a directive that the keeper of the juvenile records shall expunge or destroy such items;
- 4) a directive that each agency, department, or office, upon request, shall notify the court or its designee, in writing, of the action taken in response to the order to expunge or destroy;
- 5) a directive to a school building principal or his or her designee to destroy information received from the court pursuant to Rule 163;

[2] 6) the printed name and signature of the judge issuing the order; and

[3] 7) the date of the court order.

B. *Service.* In addition to the service required by Rule 167, the clerk of courts, **court administrator, or other court designee** shall serve certified copies of the order on the chief juvenile probation officer and any other person or agency as directed by the court.

Comment

Pursuant to paragraph (A)(2), the court is to list specifically which items are to be expunged and which items are to be destroyed. Specific information retained pursuant to Rule 173 should be expunged but not destroyed. In most instances, the court should order that the fingerprints and photographs be destroyed and that the remaining records and documents be expunged.

Pursuant to paragraph (A)(4), an agency, department, or office may be requested to produce evidence of compliance with the court order to expunge. Non-compliance may result in a finding of contempt of court.

Pursuant to paragraph (A)(5), the school is to destroy all information received from the court. Because the school is required to store this information separately under Rule 163(F), destruction should not be difficult. See Rule 163 and its Comment. The court may also require the school to provide written notice of the action taken.

Rule 173. Retention of Specific Information from Juvenile Records.

A. Maintenance of specific information.

1) All information retained according to this rule shall be confidential. This information is not eligible for inspection pursuant to Rule 160.

2) If any information maintained according to this rule is disseminated to any unauthorized person, agency, department, or office, the person disseminating the information shall be held in contempt of court.

B. Compliance with expungement order. The court or juvenile probation office shall maintain the following information in a separate document, file, or database for the purpose of determining compliance with an expungement order:

- 1) a list of juvenile names;
- 2) identifying information, such as date of birth;
- 3) the case docket number;
- 4) a copy of the order to expunge; and
- 5) any compliance letters sent pursuant to Rule 172(A)(4).

C. Eligibility for court program, the grading or penalty of an offense, or for other purposes as provided by law. The court, juvenile probation office, or the attorney for the Commonwealth shall maintain the following information in a separate document, file, or database for determining eligibility for a court program, the grading or penalty of an offense, or for other purposes as provided by law:

- 1) a list of juvenile names;
- 2) identifying information, such as date of birth;
- 3) the case docket number;
- 4) a list of the delinquent acts alleged or petitioned;
- 5) a list of the delinquent acts found, if applicable; and
- 6) the disposition of the case.

D. Statistical and research purposes. The juvenile probation office, the Juvenile Court Judges' Commission, and the Administrative Office of Pennsylvania Courts may maintain the following information in a separate document, file, or database for statistical and research purposes:

- 1) demographic information;

- 2) a list of the delinquent acts alleged or petitioned;
- 3) a list of the delinquent acts found, if applicable;
- 4) the disposition of the case; and
- 5) any recidivism information.

E. Intelligence and investigative information. Law enforcement agencies and the attorney for the Commonwealth may maintain the following information in a separate document, file, or database for intelligence and investigative purposes:

- 1) a list of juvenile names;
- 2) identifying information, such as date of birth;
- 3) intelligence information; and
- 4) investigative information.

F. Financial audits. The juvenile probation office, placement facilities, service providers, and the county agency shall maintain the necessary information in a separate document, file, or database for financial audits, which may include, but is not limited to:

- 1) the number of juveniles sent to a placement facility;
- 2) the amount of money paid for the court-ordered service; and
- 3) the dates of service.

Comment

As used throughout this rule, a separate document, file, or database is to be interpreted as a creation of a new document, file, or database when the original document or file has been expunged pursuant to a court order under Rule 172. This rule provides for the retention of *information* for specific reasons. Original *records* will be expunged but specific *information* contained within those records will be extracted and placed into a new document, file, or database. Only the specific items listed in this rule may be maintained by the specified individuals and entities. All remaining information is to be expunged.

There are several legitimate reasons for retaining specific information relating to a case. As provided in paragraph (A)(1), all information retained according to this rule is to be kept confidential and is not subject to inspection pursuant to Rule 160. If any person does not maintain confidentiality of information, that person is to be held in contempt of court. See paragraph (A)(2). However, entities may share information retained pursuant to this rule if the reasons for sharing the information is consistent with this rule and confidentiality is maintained.

Paragraph (B) provides for the maintenance of compliance letters for expunging records. The court may access the document, file, or database to ensure that a court order to expunge a particular record has been followed. This may also be helpful when a juvenile may inquire as to whether the court order was followed.

Paragraph (C) allows specific information concerning a juvenile to be maintained to determine the juvenile's eligibility for a future court program, the grading or penalty of a new offense, and for other purposes as provided by law. There are instances when the grading or penalty for a new offense is greater because of prior offense(s), for example, retail theft, theft by vehicle, library theft, and driving under the influence of alcohol or other controlled substance. However, offenses cannot be used in a subsequent proceeding unless specifically authorized by law.

Paragraph (D) provides for the retention of specific information for statistical and research purposes. A juvenile's name may not be associated with this information. Demographics, however, may be retained. Aggregate data compiled under this paragraph also may be shared with other persons as statistical and research records only.

Pursuant to paragraph (E), only law enforcement agencies and the attorney for the Commonwealth may retain intelligence and investigative information.

Paragraph (F) provides for the retention of specific information for financial audits. This is important to provide records of service.

CHAPTER 3. PRE-ADJUDICATORY PROCEDURES

PART E. CONSENT DECREE

Rule 370. Consent Decree.

A. Agreement.

1) At any time after the filing of a petition and before the entry of an adjudication order, the court may, upon agreement of the attorney for the Commonwealth and the [juvenile's attorney or the juvenile, if unrepresented,] juvenile suspend the proceedings, and continue the juvenile under supervision in the juvenile's home, under terms and conditions negotiated with the juvenile probation office.

2) The order of the court continuing the juvenile under supervision shall be known as a consent decree.

B. **Explanation of conditions.** The court shall explain on the record or in writing:

* * * *

Comment

* * * *

If a juvenile violates the conditions of the consent decree, double jeopardy does not attach and bar subsequent prosecution. *See Commonwealth v. Szebin*, 785 A.2d 103 (Pa. Super. Ct. 2001). In *Commonwealth v. Wexler*, 431 A.2d 877 (Pa. 1981), the Supreme Court viewed a consent decree in the same fashion as Accelerated Rehabilitative Disposition. *See also In re John W.*, 446 A.2d 621 (Pa. Super. Ct. 1982).

Nothing in this rule prohibits the entry of a consent decree after there has been an admission pursuant to Rule 407 or after there has been a ruling on the offenses pursuant to Rule 408. *See also* Comment to Rule 408.

CHAPTER 4. ADJUDICATORY HEARING

Rule 408. Ruling on Offenses.

A. *Entered finding.* Within seven days of hearing the evidence on the petition or accepting an admission under Rule 407, the court shall enter a finding by specifying which, if any, offenses, including grading and counts, alleged in the petition were committed by the juvenile.

B. *Did not commit acts.*

1) If the court finds the juvenile [**did not commit all**] committed none of the alleged delinquent acts, the court shall dismiss the petition and release the juvenile, if detained, unless there are other grounds for the juvenile's detention.

2) The court shall [**move to expunge the records**] order, *sua sponte*, the expungement of the record and destruction of fingerprints and photographs related to the dismissed petition pursuant to 18 Pa.C.S. § 9123(a)(1), 42 Pa.C.S. § 6308, and Rule [172] 170(A).

3) Absent cause shown, the court shall expunge [**the records and order the destruction of any fingerprints or**] or destroy the records, fingerprints, and photographs.

C. *Committed act.* [**If**] After an adjudicatory hearing, if the court finds that the juvenile committed any delinquent act, the court shall proceed as provided in Rule 409 or enter a consent decree pursuant to Rule 370.

Comment

Under paragraph (A), for any offense the court finds that the juvenile committed, the court is to specify the grading and count(s). *See* 42 Pa.C.S. § 6341(b). It is noted that some offenses have no specific grading, i.e., ungraded felony or misdemeanor of the Controlled Substance, Drug, Device and Cosmetic Act, 35 P.S. § 780-101 *et seq.*, or the ungraded delinquent act of failure to comply with a sentence for a summary offense, 42 Pa.C.S. § 6302 (definition of "delinquent act").

Pursuant to paragraph (B), if the court finds that the juvenile [**did not commit all**] committed none of the alleged delinquent acts, the court, [**upon its own motion, is to expunge the records pursuant to**] *sua sponte*, is to expunge or destroy the records, fingerprints, and photographs pursuant to Rule 170(A) and 18 Pa.C.S. § 9123(a)(1). Absent cause shown, the court is to expunge the records pursuant to Rule 172.

If the court does find that the juvenile committed at least one of the offenses petitioned, there is no expungement or destruction of records, fingerprints, or photographs.

In its order, the court is to specify the case reference number or other identifying number so the order only applies to the specified case. *See* Comment to Rule 170 for further definition of a reference number.

Paragraph (C) requires that there is to be an adjudicatory hearing before proceeding pursuant to Rule 409. This rule is not meant to preclude the entry of a consent decree after a finding on an offense pursuant to paragraph (C). If a consent decree is ordered, the court does not proceed under Rule 409.

If the court finds that the juvenile [**did not commit all**] **committed none** of the alleged delinquent acts and dismisses the petition, the victim, if not present, shall be notified of the final outcome of the proceeding. *See* Victim's Bill of Rights, 18 P.S. § 11.201 *et seq.*

Official Note: Rule 408 adopted April 1, 2005, effective October 1, 2005. Amended December 24, 2009, effective immediately. Amended May 26, 2011, effective July 1, 2011. **Amended July 28, 2014, effective September 29, 2014.**

Rule 409. Adjudication of Delinquency.

A. *Adjudicating the juvenile delinquent.* Once the court has ruled on the offenses as provided in Rule 408, the court shall conduct a hearing to determine if the juvenile is in need of treatment, supervision, or rehabilitation.

1) *Not in need.* If the court determines that the juvenile is not in need of treatment, supervision, or rehabilitation, the court shall enter an order providing that:

a) jurisdiction shall be terminated and the juvenile shall be released, if detained, unless there are other reasons for the juvenile's detention; and

b) any **records**, fingerprints, and photographs taken shall be **expunged or destroyed**.

* * * * *

Comment

* * * * *

Pursuant to 42 Pa.C.S. § 6308(c)(3), all fingerprints and photographic records are to be destroyed upon order of the court if the juvenile is not adjudicated delinquent.

Pursuant to paragraph (A)(1)(b), the court is to specify which items are to be expunged and which items are to be destroyed. *See* Rule 172(A)(2) and its **Comment**.

Pursuant to paragraph (A)(2)(b)(ii), a case reference number is to be included to help track this case. *See* Comment to Rule 170 for further description of a case reference number.

A report on the disposition is to be sent to the Juvenile Court Judges' Commission. *See* 42 Pa.C.S. § 6309(d).

COUNTY AGENCY is the county children and youth social service agency established pursuant to the County Institution District Law, 62 [Pa.C.S.] P.S. § 2305 (1937) or established through the county commissioners in the judicial districts where the County Institution District Law was abolished, 16 P.S. §§ 2161[,] and 2168, and supervised by the Department of Public Welfare pursuant to the Public Welfare Code, 62 [Pa.C.S.] P.S. § 901 *et seq.*

* * * * *

Final Report explaining the amendments to Rule 1120 published with Court's Order at 44 Pa.B. 5447 (August 16, 2014).

EXPLANATORY REPORT July 2014

The Supreme Court of Pennsylvania has adopted the amendments to Rules 120, 163, 167, 170, 172, 370, 408, 409, and 1120, and adopted Rule 173. The amendments are effective September 29, 2014.

The amendments described herein primarily concern the procedures for expunging and destroying documents, fingerprints, and photographs.

Rules 120 and 1120—Definitions

The term "county agency" is defined in the dependency rules. Because of its use this term in the delinquency rules, this definition has been added to Rule 120.

Proposed Rule 120 provides specific definitions of "destroy" and "expunge." Although many standard dictionaries and thesauruses use these terms to define each other or as synonyms, it is important to note that they have different legal meanings.

"Destroy," as used in these Rules, is the permanent erasure of a document or item. There shall be nothing left to trace or indicate that the item ever existed.

The term, "expunge," as distinguished from destroy means making a document or item not available to the public under any circumstances. There are several circumstances where the information may be necessarily

retained for limited use by “juvenile justice agencies” and/or for statistical purposes. However, expunging a document allows the juvenile to have a “clean record” when trying to secure a job, enrolling in college, or enlisting in the military.

“Intelligence information” and “investigative information” have also been defined to limit the information that may be kept by “juvenile justice agencies.”

“Juvenile justice agency” is defined as any court and agencies authorized to perform the administration of justice, including the attorney for the Commonwealth. This is especially important in retention of specific information to determine subsequent eligibility in a court program.

“Juvenile record” is defined to discern it from the “official court record.” The “official court record” is the juvenile court file maintained by the clerk of courts; whereas, the “juvenile record” is collected and maintained by “juvenile justice agencies.”

“Service provider” was added to Rules 167(B) and 173(F). It is defined as any entity that provides services to juveniles pursuant to a proceeding under the Juvenile Act.

Rule 163—Release of Information to School

When the court enters an order to expunge records, it should concurrently enter an order to destroy all information provided to the school. Because the school is not a “juvenile justice agency”, it should not retain any information provided by the court.

Paragraph (B) of this rule requires that the school maintain a separate file of information provided from the court. This information is not to be placed in the juvenile’s official school record. Therefore, when the court enters a destruction order, the school can destroy the separate file without affecting the official school record.

Paragraph (D) requires the building principal to acknowledge receipt of his or her requirements pursuant to this rule.

If the juvenile transfers to another school, the building principal must transfer the notice and keep a log of all the individuals to whom this information was subsequently provided. *See* paragraph (E).

Rule 167—Filings and Service of Court Orders and Notices

Rule 167 is amended to include a party, juvenile probation officer, and any other person, service provider, or agency listed in the court order among those individuals or entities who must receive copies of court orders and notices.

The juvenile should always receive a copy of court orders and notices regardless of whether the juvenile is represented by counsel. The juvenile probation officer and any other person, service provider, or agency listed in the court order should also be provided with a copy.

Rule 170—Motion to Expunge or Destroy Records

Upon motion, the court may order that juvenile records, fingerprints, or photograph be expunged or destroyed.

The court should specify whether an item is being destroyed or expunged. The presentation of a motion allows the Commonwealth the opportunity to object and provide compelling reasons why the items at issue should be “expunged,” rather than “destroyed.”

Intelligence and investigative information kept separately by law enforcement agencies is not subject to this rule.

Rule 172—Order to Expunge or Destroy

Rule 172 has been amended to require that the court’s order identify with specificity which items shall be expunged or destroyed. *See* discussion *infra*.

Rule 173—Retention of Specific Information in Juvenile Records

This new rule provides for the retention of specific information by the court and juvenile justice agencies.

The information kept by the court must be limited to the information provided in paragraph (B). However, juvenile justice agencies have more latitude in keeping information for the purpose of determining subsequent eligibility in a court program, preparing a pre-sentence report, or for maintaining intelligence and investigative information.

Information retained by juvenile justice agencies is neither open to inspection by the public, nor governed by Rule 160 or § 6308 of the Juvenile Act.

Rule 370—Consent Decree

This amendment clarifies that the agreement is between the Commonwealth and the juvenile. Additionally, the Comment clarifies that a consent decree may be entered at any time prior to the entry of the adjudication of delinquency.

Rule 408—Ruling on Offenses

It was brought to the Committee’s attention that paragraph (B) was confusing because of its use of the term “all.” The modification clarifies the intent of the rule and provides new language to read that if the court finds that the juvenile committed none of the alleged delinquent acts, the court shall dismiss the petition and release the juvenile.

If the court finds, for example, that the juvenile committed one of the twelve alleged delinquent acts, the petition cannot be dismissed.

Rule 409—Adjudication of Delinquency

Paragraph (A)(1)(b) and its Comment was modified to ensure the court orders that records, fingerprints, or photographs be destroyed or expunged.

OLIVER J. LOBAUGH,
President Judge

Local Domestic Relations Rules—Venango County

Rule 1915.4A. Procedure in All Custody Cases.

(a) Custody Conciliation Conferences

(1) Upon commencement of an action for any form of legal or physical custody, or an action seeking to initiate or reinstate any proceeding to modify, terminate or otherwise affect contact between children and parties, a custody conciliation conference shall be scheduled. A conciliator will be appointed by the court from a list of qualified conciliators.

(2) The conciliator shall make every effort to conduct a custody conciliation conference within forty-five (45) days after his or her appointment. All parties and their attorneys shall attend the custody conciliation conference. The conciliator shall review the court file before the custody conciliation conference in order to ensure that all pleadings and documents have been properly filed by all parties, including a verification regarding any criminal record or abuse history. If a party has not filed the verification, then the conciliator shall have that party complete the verification before commencing the custody conciliation conference, and the conciliator shall ensure that the verification is filed of record after the conference.

(3) At the custody conciliation conference, the conciliator shall meet with the parties, their attorneys, or both to discuss the issues and use their best efforts to reach a settlement based on the best interests and welfare of the children. If any component of the case is settled, the conciliator shall file a written report with the court setting forth the agreement and the proposed court order to be entered in the case. If any component of the case is not settled, the conciliator shall file a written report with the court that recites the following:

(a) the parties and attorneys that attended the custody conciliation conference;

(b) the results of the conference;

(c) recommendations for an interim court order, if any, with a proposed court order to be entered in the case;

(d) recommendations whether counsel for the child should be appointed;

(e) and any other information that may help the court as the court addresses the matter in further proceedings under this rule.

The proposed court order submitted by the custody conciliator shall include terms for the court to designate a custody mediator to be appointed in the case.

(4) No party shall be compelled to participate in custody mediation in cases where any party, or a child of any party, is or has been the subject of domestic violence or child abuse allegedly perpetrated by the opposing party at any time within the past twenty-four (24) months. Therefore, at the conclusion of the custody conciliation conference, the conciliator shall have each party complete an eligibility for mediation form, which shall be filed with the conciliator's written report. If custody mediation cannot be scheduled, the case shall be scheduled for a

custody pre-trial conference, and the conciliator shall include terms in the proposed court order to schedule that conference.

(b) *Custody Mediation*

(1) If the parties are unable to reach an agreement at the custody conciliation conference, then all of the parties shall thereafter attend a custody mediation conference. Custody mediation shall occur in accordance with Pa.R.C.P. No. 1940.1 et seq., as amended.

(2) At the beginning of each custody mediation conference, the mediator shall conduct a brief orientation session in order to educate all of the parties relative to custody mediation, and the benefits of mediation in resolving custody disputes. An orientation session may also be included as part of the court-approved seminar "Venango County Co-Parenting Cooperative."

(3) No party shall be compelled to participate in custody mediation in cases where any party, or a child of any party, is or has been the subject of domestic violence or child abuse allegedly perpetrated by the opposing party at any time within the past twenty-four (24) months.

(4) Each custody mediator shall be appointed by the court from a list of qualified mediators, who have been specially trained in mediation. The fee for mediation shall be \$400.00, which shall be equally divided between the parties. The fee shall be paid within twenty (20) days after the mediation is scheduled, and shall be paid no later than the date of the mediation. In the event a party has not paid his or her share of the mediation fee by the date of the mediation, the mediator, in his or her sole discretion, may proceed with the mediation, and thereafter refer the issue of payment to the court for further proceedings in order to collect the fee.

(5) Under exigent circumstances, the court will consider waiver, reduction or assessment of fees to the other party for those unable to pay. Any such request must be presented by appropriate motion filed with the court, and must be accompanied by a verified affidavit of indigence or other proof of economic hardship in accordance with Pa.R.C.P. No. 240 and 1920.62.

(6) A custody mediation shall be scheduled for a time not to exceed three (3) hours. Prior to the custody mediation, each party shall submit to the mediator a proposed parenting plan substantially in the form set forth in Section 5331 of the Domestic Relations Code (23 Pa.C.S. § 5331), as amended. Each custody mediation shall be closed, and the contents of the custody mediation shall be confidential. No one except the parties shall be permitted to participate in the custody mediation. It is the intent of the court to conduct custody mediation in all cases without counsel for any party present, unless allowed or authorized by order of court. If all of the parties provide written consents, the mediator may, but shall not be required to, disclose the events and discussions that occurred at the custody mediation with counsel or others. Disclosure by the mediator of anything learned during the custody mediation process shall be controlled by Section 5949 of the Judicial Code (42 Pa.C.S. § 5949).

(7) At the conclusion of the custody mediation, if an agreement is reached, the mediator shall write a memorandum of understanding ("the memorandum"). The memorandum shall not be legally binding upon the parties. Should any of the parties have counsel, they shall be referred to counsel to reduce the memorandum to a court order. Each party and counsel shall review the memorandum, and shall have the right to reject the terms with notice to the mediator and all parties and

counsel about the rejection within twenty (20) days of the date of the custody mediation, and that party shall file a praecipe for a custody pre-trial conference. If the memorandum is reduced to a court order, the order shall be prepared by one of the parties and counsel, and reviewed and executed by all parties and counsel before it is submitted for entry as a court order. Should none of the parties have counsel, after the mediation, they shall be referred to the District Court Administrator, who shall provide each party with the name of an attorney, who shall reduce the memorandum to a mutually agreeable court order for a flat fee as determined by the court. An attorney appointed under this provision shall be responsible for no other action on behalf of the party and need not enter an appearance with the court.

(8) In the event no resolution results from custody mediation, the parties may consent to continue to mediate with the same mediator. Up to an additional three (3) hours of mediation may be scheduled for a fee of \$100.00 per hour to be equally divided between the parties. Absent consent to an alternative arrangement or court order, each party shall be responsible for his or her own fee. If at any time during these additional three (3) hours of custody mediation the parties are able to reach a memorandum, which, in turn, is reduced to a court order, or should the mediator in his or her sole discretion declare that the custody mediation is at a permanent and irrevocable impasse and should be terminated, the mediator shall refund to each party a prorated amount for each full hour not used during the mediation.

(9) In all cases where an agreement is reached, a memorandum shall be reduced to a court order and submitted to the court for entry as a court order within twenty (20) days of the date of the custody mediation.

(10) In all cases, the mediator shall file a brief report that sets forth the date of the mediation and whether an agreement was reached by memorandum. No details of the mediation shall be included in the report.

(c) *Custody Pre-Trial Conference*

(1) In the event that no resolution results from custody mediation, or a court order is not submitted to the court for entry as a court order within the designated time frame, the case shall proceed to a custody pre-trial conference with the court in accordance with Pa.R.C.P. No. 1915.4-4. The moving party shall file a praecipe for pre-trial conference. A pre-trial statement shall be filed with the court by each party at least five (5) days before the custody pre-trial conference. At the custody pre-trial conference, the court will confer with the parties and their attorneys in order to set a hearing date(s) and take such steps as are necessary to prepare the case for trial. Matters to be addressed at the conference shall include the number of days for the hearing, witness lists, expert reports, determination whether court-appointed experts are required, an interim custody arrangement pending final hearing, appointment of an attorney to represent the interests of the child, and any other matters deemed appropriate by the court.

(2) With the pre-trial statement, all parties shall also file a proposed parenting plan substantially in the form set forth in Section 5331 of the Domestic Relations Code (23 Pa.C.S. § 5331).

RULES AND REGULATIONS

Title 10—BANKING AND SECURITIES

DEPARTMENT OF BANKING AND SECURITIES

[10 PA. CODE CH. 5]

Corrective Amendment to 10 Pa. Code § 5.6

The Department of Banking and Securities has discovered a discrepancy between the agency text of 10 Pa. Code § 5.6 (regarding implementation schedule) as deposited with the Legislative Reference Bureau and the official text as published at 44 Pa.B. 5010, 5017 (July 26, 2014). The Office of General Counsel, the Independent Regulatory Review Commission, the House Commerce Committee, the Senate Banking and Insurance Committee and the Office of Attorney General approved § 5.6(b)(1)—(3) with blanks instead of dates in the implementation schedule. The Department of Banking and Securities provided incorrect dates to the Legislative Reference Bureau for § 5.6(b)(1)—(3). This corrective amendment returns § 5.6(b)(1)—(3) as approved by the previously-listed entities.

Therefore, under 45 Pa.C.S. § 901: The Department of Banking and Securities has deposited with the Legislative Reference Bureau a corrective amendment to 10 Pa. Code § 5.6. The corrective amendment to 10 Pa. Code § 5.6 is effective July 26, 2014, the effective date of adoption of the final-form rulemaking adopting this section.

The correct version of 10 Pa. Code § 5.6 appears in Annex A.

Annex A

TITLE 10. BANKING AND SECURITIES

PART I. GENERAL PROVISIONS

CHAPTER 5. ASSESSMENTS

§ 5.6. Implementation schedule.

(a) *General rule.* The Department will provide an implementation schedule for banks, bank and trust companies, savings banks, savings associations and trust companies to adjust to the assessments generated by this chapter.

(b) *Implementation schedule.* Banks, bank and trust companies, savings banks, savings associations and trust companies shall pay assessments according to the following implementation schedule:

(1) Seventy percent of the total assessment calculated by §§ 5.2, 5.3 and 5.5 (relating to semiannual assessment for banks, bank and trust companies, savings banks and savings associations; semiannual assessment for trust companies; and adjustments to assessments; invoicing) for the first 12 months after _____.

(2) Eighty-five percent of the total assessment calculated by §§ 5.2, 5.3 and 5.5 for the second 12 months after _____.

(3) One hundred percent of the total assessment calculated by §§ 5.2, 5.3 and 5.5 for the third 12 months after _____.

Title 58—RECREATION

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 605a, 639a, 641a,
643a, 647a, 653a, 655a AND 657a]

Electronic Gaming Tables and Table Games Rules of Play

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1) and (2) (relating to regulatory authority), amends Chapters 605a, 639a, 641a, 643a, 647a, 653a, 655a and 657a to read as set forth in Annex A.

Purpose of the Final-Form Rulemaking

This final-form rulemaking adds requirements for progressive table game systems that are linked between multiple tables within the same licensed facility, adds the Progressive Payout Wager to Crazy 4 Poker, Caribbean Stud Poker, Four Card Poker, Let It Ride Poker and Texas Hold 'Em Bonus Poker, and the Bad Beat Wager to Four Card Poker.

Explanation

Progressive table games

Section 605a.7(a)(1) (relating to progressive table games) is amended to require the progressive meter on tables to increase in value based on the wagers. Unlike slot machine progressives, progressive jackpots on table games are player funded (with the exception of the seed amount). Therefore, the meter should always be incrementing every time a player places a progressive wager. For the same reasons, the Board eliminated the option in subsection (b)(4) to place caps or limits on the progressive jackpot amounts.

Subsection (b)(4) now requires that if an operator is going to fund a reserve pool with a portion of the patron's wager on a progressive, the proposed incrimination rate must be included in the operator's submission to the Bureau of Gaming Laboratory Operations.

For clarity, subsection (d)(2) is consolidated into subsection (d)(1). Specificity is added in renumbered subsection (d)(3) regarding what is to happen to a progressive jackpot amount if a meter malfunctions.

New subsection (e) prohibits operators from capping a meter or offering more than one progressive on the same table game (for example, a Five-Card and Four-Card Progressive). The Board believes that having multiple progressives on the same table game will create problems with administering the progressives and will lead to confusion. The Board added a requirement in subsection (e)(3) that if operators were to offer progressives, the required wager amount would have to be a set amount to ensure fairness to all players vying for the progressive jackpot (a percentage of the jackpot meter).

Subsection (e)(4) was added requiring operators to submit internal controls specifying how the licensee would reconcile concurrent jackpot wins from the same progressive meter. Subsection (e)(5) prohibits the removal of a progressive jackpot unless the operator receives written approval from the Board's Executive Director.

Linked progressive tables

A local area progressive (LAP) controller links different games within the same licensed facility together for the purpose of offering a shared progressive jackpot. A definition of "local area progressive controller" is added in § 605a.1 (relating to definitions). New § 605a.8 (relating to linked progressive table games) includes key control and general system specifications for LAP controllers.

Additionally, to ensure fairness to players, if a certificate holder is offering a linked progressive, the linked games must have the same probability of hitting the jackpot and the same amount shall be wagered by the players participating in the side bet. See § 605a.8(g).

Progressive Payout Wager

The Progressive Payout Wager (referred to in several of the chapters as the Five-Card Progressive Payout Wager for games that already include a Three or Four-Card Progressive Wager) is an optional side wager that the player's five-card hand will contain a three-of-a-kind or better. This side wager may be offered on a single table (such as one Four Card Poker table), on multiple tables (a bank of Four Card Poker tables) or across multiple games within the same licensed facility (Four Card Poker, Crazy 4 Poker and Let It Ride Poker tables, for example). The purpose of linking multiple tables and games together is to increase the number of individuals contributing to and playing for the progressive jackpot amount.

Under this final-form rulemaking, the Progressive Payout Wager (Five-Card Progressive Payout Wager) may be played on any of the following games: Caribbean Stud Poker; Four Card Poker; Let It Ride Poker; Texas Hold 'Em Bonus Poker; Ultimate Texas Hold 'Em Poker; Mississippi Stud; and Crazy 4 Poker. For these games, language is added specifying that if a facility were to offer a linked progressive, the table game system must comply with the new requirements in § 605a.8. For those games that did not previously include a payout based on a five-card Poker hand, hand rankings are added. A description of the Progressive Payout Wager, how the wager is to be settled and when it is to be settled, and the payout odds and amounts are added.

In addition to the amendments discussed previously, several chapters are also amended to ensure that players wagering on a progressive have the same probability of winning the jackpot.

In Caribbean Stud Poker, the Progressive Payout Wager based on a five-card hand is already included as an optional side wager. However, the Progressive Payouts previously approved in paytables A—C may be utilized only on single table progressives but may not be used for linked table progressives. Therefore, language is added in §§ 639a.11 and 639a.12 (relating to procedure for completion of each round of play; and payout odds; rate of progression) specifying that if operators were to offer linked progressives, only payable D, which includes an Envy Bonus, could be utilized.

In this final-form rulemaking, payable E was added and, like paytables A—C, may be utilized only on single table progressives but may not be used on linked table progressives.

Amendments to § 647a.2(c) (relating to Texas Hold 'Em Bonus Poker table physical characteristics) specify that if an operator were to offer the Progressive Payout Wager, the table must be equipped with a progressive table game system. This language is added because other progressive wagers were not previously authorized for Texas Hold

'Em Bonus Poker. As this is the first progressive side wager authorized, additional requirements regarding the use of the progressive table game system are added in §§ 647a.8—647a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe).

Amendments to § 653a.11 (relating to procedures for completion of each round of play) ensure that only the player's two cards and the first three community cards (the Flop) may be used to form the best five-card Poker hand for purposes of the Progressive Payout Wager. This clarifying language is included because allowing players to create the best five-card Poker hand from the seven cards dealt (the player's two cards and five community cards) would create an advantage to players at Ultimate Texas Hold 'Em Poker if those players were vying for the linked progressive jackpot against players at tables in which only the player's first five cards were used to create the best possible hand.

In Mississippi Stud, language is amended in § 655a.11(i)(4)(i)(D) (relating to procedures for completion of each round of play) for consistency with the other chapters that offer progressive jackpot payouts.

Amendments to § 657a.11 (relating to procedures for completion of each round of play) specify that for the Five-Card Progressive Payout Wager, the dealer shall consider all five cards dealt to the player to determine a winning hand. This clarifying language is included because other wagers in Crazy 4 Poker are based on the best four-card hand a player can make from the five cards dealt.

Bad Beat Bonus Wager

The Bad Beat Bonus Wager is added to Four Card Poker. The layout requirements are added in § 641a.2(b)(4) (relating to Four Card Poker table physical characteristics), the wager description is added to § 641a.7(d)(6) (relating to wagers), the procedure for payment of winning wagers and the collection of losing wagers is added in § 641a.11(c)(6) (relating to procedures for completion of each round of play) and the payout odds are added in § 641a.12(f) (relating to payout odds; Envy Bonus; rate of progression).

§ 639a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 639a.8, § 639a.9 or § 639a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at Caribbean Stud Poker shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.

(2) Each player shall keep the five cards in full view of the dealer at all times.

(3) After each player has made a decision regarding the Bet Wager as required under subsection (b), the player's cards shall be placed face down on the appropriate area of the layout and the player may not touch the cards again.

(b) After each player has examined his cards, the dealer shall, beginning with the player farthest to the dealer's left and moving clockwise around the table, ask each player if he wishes to make a Bet Wager in an amount equal to two times the amount of the player's Ante Wager or forfeit the Ante Wager and end his participation in the round of play. If a player has placed an Ante Wager and a Caribbean Stud Bonus Wager or Progressive Payout Wager but does not make a Bet Wager, the player shall forfeit all wagers but does not forfeit the right to receive an Envy Bonus Payout, if applicable.

(c) After each player who has placed an Ante Wager has either placed a Bet Wager on the designated area of the layout or forfeited his wager and hand, the dealer shall collect all forfeited wagers and associated cards and place the cards in the discard rack. The dealer shall then reveal the dealer's four hole cards and place the cards so as to form the highest possible ranking five-card Poker hand. After the dealer's cards are turned face up, the dealer shall, beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction, complete the following applicable procedures in succession for each player:

(1) The dealer shall turn the five cards of each player face up on the layout.

(2) The dealer shall examine the cards of the player and form the highest possible ranking five-card Poker hand for each player.

(3) If the dealer's highest ranking five-card Poker hand:

(i) Is lower than an ace-king, the dealer shall return each player's Bet Wager and pay out the player's Ante Wager made by the player in accordance with the payout odds in § 639a.12(a) and (b) (relating to payout odds; rate of progression).

(ii) Is an ace-king or better, and the player's highest ranking five-card Poker hand:

(A) Is ranked lower than the dealer's five-card Poker hand, the dealer shall immediately collect the Ante and Bet Wagers made by the player.

(B) Is ranked higher than the dealer's five-card Poker hand, the dealer shall pay the Ante and Bet Wagers made by the player in accordance with the payout odds in § 639a.12(a) and (b).

(C) Is equal in rank to the dealer's five-card hand, the dealer shall return the Ante and Bet Wagers made by the player.

(4) The dealer shall settle any Caribbean Stud Bonus Wager made by the player by determining whether the player's five-card Poker hand qualifies for a payout in accordance with § 639a.12(c). A winning Caribbean Stud Bonus Wager shall be paid irrespective of whether the player's five-card Poker hand outranks the dealer's hand.

(5) After settling a player's Ante, Bet and Caribbean Stud Bonus Wagers, the dealer shall then settle the Progressive Payout Wager, if offered by the certificate holder. A winning Progressive Payout Wager shall be paid irrespective of whether the player's five-card Poker hand outranks the dealer's hand. If a player has won a progressive payout, the dealer shall:

- (i) Verify that the hand is a winning hand.
- (ii) Verify that the appropriate light on the progressive table game system has been illuminated.
- (iii) Have a floorperson or above validate the progressive payout in accordance with the certificate holder's approved internal control procedures.

(iv) Pay the winning Progressive Payout Wager in accordance with the payout odds in § 639a.12(d). If a player has won a progressive payout that is a percentage of the jackpot amount on the progressive meter, the progressive payout may not be paid from the table inventory container. If a player has won a progressive payout that is not being paid from the table inventory container, the cards of that player shall remain on the table until the necessary documentation has been completed.

(v) Pay any Envy Bonus won in accordance with § 639a.12(d)(6) if Paytable D in § 639a.12(d)(1) is selected by the certificate holder. Players making a Progressive Payout Wager shall receive an Envy Bonus when another player at the same Caribbean Stud Poker table is the holder of an Envy Bonus Qualifying Hand. Players are entitled to multiple Envy Bonuses if more than one other player is the holder of an Envy Bonus Qualifying Hand. A player is not entitled to an Envy Bonus for his own hand or the hand of the dealer.

(d) After all wagers of the player have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 639a.12. Payout odds; rate of progression.

(a) A certificate holder shall pay each winning Ante Wager at odds of 1 to 1.

(2) A player shall receive the payout for only the highest ranking five-card Poker hand formed.

(3) Paytables A, B, C and E may not be selected by the certificate holder if the Progressive Payout Wager is offered on multiple linked games with a shared progressive jackpot.

(4) The rate of progression for the meter used for the progressive payout in paragraph (1) must be in the certificate holder's Rules Submission filed in accordance with § 601a.2. Texas Hold 'Em Bonus Poker table the option to make an additional Progressive Payout Wager that the player will receive a Progressive Payout Hand. Each player shall be responsible for verifying that the player's respective Progressive Payout Wager has been accepted.

(e) A player may not wager on more than one player position at a Texas Hold 'Em Bonus Poker table.

§ 647a.8. Procedure for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location as approved by the Bureau of Casino Compliance in accordance with § 601a.10(g) (relating to approval of table game layouts, signage and equipment). Once the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by the automated card shuffling device.

(b) Prior to dealing the cards and after all Ante and Texas Hold 'Em Bonus Wagers have been placed, the dealer shall announce "no more bets" and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of additional Progressive Payout Wagers. If Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(c) Each card shall be removed from the dealing shoe with the hand of the dealer that is the closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand.

(d) The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time, face down, to each player who placed an Ante Wager in accordance with § 647a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have two cards.

(e) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards in accordance with § 647a.11(c), (e) and (g) (relating to procedure for completion of each round of play). After all community cards have been dealt, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (f), place the stub in the discard rack without exposing the cards.

(f) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(g) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(h) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall deter-

mine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 647a.9. Procedure for dealing the cards from the hand.

(a) If the cards are dealt from the dealer's hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the dealer shall place the stacked deck of cards in either hand. After the dealer has chosen the hand in which he will hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(b) The dealer shall announce "no more bets" and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container. The dealer shall then deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout. The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time to each player who placed an Ante Wager in accordance with § 647a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have two cards.

(c) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards in accordance with § 647a.11(c), (e) and (f) (relating to procedure for completion of each round of play). After all community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards

were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 647a.10. Procedure for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce "no more bets" and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of additional Progressive Payout Wagers. If Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack of two cards face down to each of the other players who has placed an Ante Wager. The dealer shall then deliver a stack of two cards face down under a cover card to the area designated for the dealer's cards.

(c) After each stack of two cards has been dispensed and delivered in accordance with subsection (b), the dealer shall remove the remaining cards from the automated dealing shoe and, following the procedures in § 647a.9(a)(2) (relating to procedure for dealing the cards from the hand), deal from his hand the five community cards in accordance with § 647a.11(c), (e) and (f) (relating to procedure for completion of each round of play). After all five community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(g) Notwithstanding the requirements in subsections (b) and (c), if a certificate holder is utilizing an automated dealing shoe which automatically reshuffles the cards, the

five community cards may be dispensed before the two cards are dispensed to each player and to the dealer. The community cards shall then be revealed in accordance with § 647a.11(c), (e) and (f).

§ 647a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 647a.8, § 647a.9 or § 647a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at Texas Hold 'Em Bonus Poker shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.

(2) Each player shall keep his cards in full view of the dealer at all times.

(b) After each player has examined his cards, the dealer shall, beginning with the player farthest to the dealer's left and moving clockwise around the table, ask each player if he wishes to place a Flop Wager prior to the dealing of the Flop. The player may either fold or place a Flop Wager equal to twice the amount of the player's Ante Wager. If a player:

(1) Places a Flop Wager, the wager shall be placed in the area designated for the Flop Wager.

(2) Folds, the player's Ante Wager shall be collected by the dealer and placed in the table inventory container. If the player:

(i) Has also placed:

(A) A Texas Hold 'Em Bonus Wager, the dealer shall place the cards of the player face down underneath the Texas Hold 'Em Bonus Wager pending its resolution at the conclusion of the round of play.

(B) A Progressive Payout Wager, the player is not eligible to receive a Progressive Payout. The player's cards shall remain face down on the table pending resolution of the Envy Bonus in accordance with subsection (i)(5).

(ii) Has not placed a Texas Hold 'Em Bonus Wager or a Progressive Payout Wager, the dealer shall immediately collect the player's cards and place them in the discard rack provided that if another player at the table placed a Progressive Payout Wager, the player's cards shall remain on the table pending the resolution of the Progressive Payout Wager in accordance with subsection (i).

(c) After each player has either placed a Flop Wager or folded, the dealer shall burn the next card. The dealer shall then deal the Flop face up to the designated area for the community cards.

(d) After the Flop has been dealt, the dealer shall, beginning with the player farthest to the dealer's left who has placed a Flop Wager and moving clockwise around the table, ask each player who has placed a Flop Wager if he wishes to place a Turn Wager prior to the dealing of the Turn card. The player may either check and remain in the game or place a Turn Wager in an amount equal to the player's Ante Wager.

(e) Once all remaining players have either placed a Turn Wager or checked, the dealer shall burn the next card. The dealer shall then deal the Turn card face up to the designated area for the community cards.

(f) After the Flop and Turn cards have been dealt, the dealer shall, beginning with the player farthest to the dealer's left who has placed a Flop Wager and moving clockwise around the table, ask each player if he wishes to place a River Wager prior to the dealing of the River card. The player may either check and remain in the game or place a River Wager in an amount equal to the player's Ante Wager.

(g) Once all remaining players have either placed a River Wager or checked, the dealer shall burn the next card face down. The dealer shall then deal the River card face up to the designated area for the community cards.

(h) After the five community cards have been dealt, the dealer shall remove the cover card on top of the dealer's cards and turn his two cards face up on the layout. The dealer shall then select five cards using the dealer's two cards and the five community cards to form the highest ranking five-card Poker hand. After the dealer's cards are turned face up, the dealer shall, beginning with the player farthest to the dealer's right who has placed a Flop Wager and continuing around the table in a counterclockwise direction, complete the following applicable procedures in succession for each player:

(ii) Is ranked higher than the dealer's five-card Poker hand, the dealer shall pay the Ante, Flop, Turn and River Wagers in accordance with the payout odds in § 647a.12 (relating to payout odds; payout limitation). (iii) Is equal in rank to the dealer's five-card hand, the dealer shall return the player's Ante, Flop, Turn and River Wagers.

(3) After settling a player's Ante, Flop, Turn and River Wagers, the dealer shall settle any Texas Hold 'Em Bonus Wager made by the player by determining whether the player's two cards qualify for a payout in accordance with § 647a.12(b).

(i) The dealer shall then settle the Progressive Payout Wager, if offered by the certificate holder. A winning Progressive Payout Wager shall be paid irrespective of whether the player's hand outranks the dealer's hand and be based on the rank of the player's two cards and the three-card Flop. PROPOSED RULEMAKING

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b]

Schedule of Civil Penalties—Massage Therapists

The Commissioner of Professional and Occupational Affairs (Commissioner) proposes to delete § 43b.23 (relating to schedule of civil penalties—massage therapists—statement of policy) and to add § 43b.23a (relating to schedule of civil penalties—massage therapists) to read as set forth in Annex A.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(a) of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48) (63 P. S. § 2205(a)) authorizes the Commissioner, after consultation with licensing boards in the Bureau of Professional and Occupational Affairs (Bureau), to promulgate a schedule of civil penalties for violations of acts or regulations of the licensing boards.

Background and Purpose

Act 48 authorizes agents of the Bureau to issue citations and impose civil penalties under schedules adopted by the Commissioner in consultation with the Bureau's boards and commissions. Act 48 citations streamline the disciplinary process by eliminating the need for formal orders to show cause, answers, adjudications and orders, and consent agreements. At the same time, a licensee who receives an Act 48 citation retains his due process right to a hearing prior to the imposition of judgment. The use of Act 48 citations has increased steadily since 1996, when the program was first implemented, and they have become an important part of the Bureau's enforcement efforts. Section 5(b)(4) of Act 48 authorizes a licensing board within the Bureau to levy a civil penalty of not more than \$10,000 on a licensee or an unlicensed person who violates a provision of an act or board regulations. However, section 5(a) of Act 48 limits the civil penalty levied by citation to no more than \$1,000 per violation.

The State Board of Massage Therapy (Board) has participated in the Act 48 citation program since 2010, when it adopted the statement of policy in § 43b.23 setting forth a schedule of civil penalties for a number of offenses under the Massage Therapy Law (act) (63 P. S. §§ 627.1—627.50) and the Board's regulations in Chapter 20. The Board believes that it is necessary to implement the civil penalties in this proposed rulemaking to promulgate the schedule as a regulation and to improve the deterrent effect.

Description of the Proposed Rulemaking

The Commissioner, in consultation with the Board, proposes to amend the schedule of civil penalties by continuing the penalties in the statement of policy implemented in 2010, with a few exceptions noted as follows. The Commissioner would increase the amount of the penalties for the first four violations under

§ 20.42(a)(14)—(16) (relating to standards of professional conduct) and section 6(b)(1)(i) of the act (63 P. S. § 627.6(b)(1)(i)) because a civil penalty of only \$50 has limited effect as a deterrent and is not sufficient to cover the Board's cost in implementing the civil penalty. This is especially true if a respondent decides to request a hearing on the imposition of an Act 48 citation.

For the next two civil penalties under section 6(b)(1)(ii) of the act and section 14 of the act (63 P. S. § 627.14), the Commissioner would add language for clarity. Under section 6(b)(1)(ii) of the act, the Commissioner would clarify that the civil penalty of \$100 per credit hour for failure to complete 24 continuing education credits would extend to a maximum of 10 credit hours because the maximum civil penalty under Act 48 is \$1,000. It therefore follows that failure to complete more than 10 credit hours of continuing education would result in formal action, as would second and subsequent offenses. Under section 14 of the act, because a second offense for holding oneself out as a massage therapist or practicing massage therapy while unlicensed would result in formal action, a subsequent offenses would also result in formal action.

The Commissioner would amend the last two penalties pertaining to expired licenses in violation of section 14(b) and (e) of the act. The Commissioner proposes to remove the warning letter for the first offenses of 0—6 months and would make the initial fine for lapses from 0—12 months \$250.

The Commissioner would add two new civil penalties for violations of section 14(c) and (d) of the act for employing an individual in massage therapy who is not licensed and for a business utilizing the words "massage," "massage therapist," "massage practitioner," "masseur," "masseuse," "myotherapist" or a derivative of these terms or an abbreviation unless the services of the business are provided by licensees. For either of these violations, the civil penalty would be \$500 for the first offenses and formal action for second and subsequent offenses.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking would not have adverse fiscal impact on the Commonwealth or its political subdivisions and would reduce the paperwork requirements of both the Commonwealth and the regulated community by eliminating the need for orders to show cause, answers, consent agreements and adjudications/orders for those violations subject to the Act 48 citation process. The only fiscal impact of the proposed rulemaking would be borne by those persons who violate the act or regulations of the Board and are subject to the civil penalties proposed by the new schedule.

Sunset Date

The Board, the Bureau and the Commissioner continually monitor the effectiveness of regulations affecting their operations. As a result, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 5, 2014, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate

Consumer Protection and Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Louis Lawrence Boyle, Regulatory Unit Counsel, State Board of Massage Therapy, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649, RA-STRegulatoryCounsel@pa.gov within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Implementation of the Alternative Energy Portfolio Standards Act of 2004; Doc. No. L-2014-2404361

August 1, 2014

George D. Greig
Secretary
Pennsylvania Department of Agriculture
2301 North Cameron Street
Harrisburg, PA 17110-9408

On February 20, 2014, the Pennsylvania Public Utility Commission (Commission) issued a Proposed Rulemaking Order proposing revisions to the Commission's Regulations implementing the Alternative Energy Portfolio Standards Act of 2004 (AEPS Act), 73 P.S. § 1648.1, et seq. Comments on the proposed revisions were due August 4, 2014, 30 days after the proposed rulemaking was published in the *Pennsylvania Bulletin* on July 5, 2014.

On July 31, 2014, the Pennsylvania Department of Agriculture (Department) filed a request to extend the comment period by 30 days. In support of their request, the Department noted that the agricultural community, as well as the Department, needs more time to fully understand the ramifications of the proposed changes. The Department further states that this time will allow dairy producers and others impacted by the proposed rules to present more comprehensive explanations of why anaerobic digesters are important and the economic realities behind them.

The Commission recognizes the potential impact these proposed regulations may have on dairy producers and others. In addition, the Commission appreciates how well thought out and well composed comments will inform the Commission in our effort to develop regulations that appropriately implement the AEPS Act. In order to facilitate the development of informative comments, the Commission is extending the comment deadline to September 3, 2014. Any party that has filed comments may file supplemental comments on or before September 3, 2014.

Please direct any questions regarding this comment period extension to Kriss Brown, Assistant Counsel, Law Bureau, at (717) 787-4518.

STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

[49 PA. CODE CH. 39]

Notice Requirements

The State Board of Examiners of Nursing Home Administrators (Board) proposes to add §§ 39.92 and 39.93 (relating to reporting of crimes and disciplinary actions;

and return of actively suspended or revoked licenses) to read as set forth in Annex A.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Sections 8.1(b) and 12(a)(4) and (6) of the Nursing Home Administrators License Act (act) (63 P.S. §§ 1108.1(b) and 1112(a)(4) and (6)) authorize the Board to discipline licensees who have been convicted of or plead guilty or nolo contendere to a felony or have been disciplined by the licensing authority of another state, territory or country. Section 9.1 of the act (63 P.S. § 1109.1) requires licensees to notify the Board of disciplinary sanctions by other licensing boards within 90 days of disposition or on biennial renewal applications, whichever is sooner. Additionally, section 13(a.1) of the act (63 P.S. § 1113(a.1)) directs the Board to require a person whose license has been suspended or revoked to return the license in the manner the Board directs.

Background and Need for Proposed Rulemaking

Although the previously cited sections of the act authorize the Board to discipline licensees with felony convictions, the Board's regulations do not require that its licensees report these convictions to the Board in advance of biennial renewal. It may be almost 2 years before the Board first learns of the convictions. To ensure that the Board receives information about these convictions in a timelier manner, the Board proposes to add §§ 39.92 and 39.93 to expedite the reporting of felony convictions. Because the Board is adding regulations regarding the reporting of felonies, the Board believes that it is prudent to add to this proposed rulemaking the reporting requirements for disciplinary sanctions taken by other states against licensees in section 9.1 of the act.

Additionally, although the act directs the Board to require licensees to return suspended and revoked licenses to the Board, there is not a provision in the Board's regulations which requires that they be returned within a specified time. To ensure that licensees return their licensure documents in a timelier manner, the Board proposes to add § 39.93 to require their return within 30 days of a voluntary surrender, suspension or revocation.

Description of Proposed Rulemaking

Proposed § 39.92(a) would require a licensee who has been convicted of or pleaded guilty or nolo contendere to a felony to notify the Board of the action within 30 days of the verdict or plea or on the biennial renewal application, whichever is sooner.

Proposed § 39.92(b) tracks the language of section 9.1 of the act in connection with disciplinary actions taken by other jurisdictions. Licensees would be required to report those disciplinary actions within 90 days or on the biennial renewal application, whichever is sooner.

Proposed § 39.93 would require a licensee who has voluntarily surrendered his license or had his license actively suspended or revoked to return the license to the Board within 30 days.

Fiscal Impact and Paperwork Requirements

The requirement that licensees report criminal actions and disciplinary sanctions to the Board within 30 and 90 days, respectively, should have a slight fiscal and paperwork impact on the Board and licensees. Currently, licensees report this information on their biennial re-

newal applications. Under this proposed rulemaking, these reports must be made sooner, triggering additional paperwork responsibilities for licensees. The Board anticipates that it will see an increase in reports as licensees comply with the regulatory requirement thereby incurring additional enforcement costs.

Sunset Date

The Board continuously monitors the effectiveness of its regulations. Therefore, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 5, 2014, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Judith Pachter Schuler, Counsel, State Board of Examiners of Nursing Home Administrators, P. O. Box 2649, Harrisburg, PA 17105-2649, RA-STRegulatoryCounsel@pa.gov within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Reference No. 16A-6217 (notice requirements) when submitting comments.

MARY ANN HEWSTON,
Chairperson

Fiscal Note: 16A-6217. No fiscal impact. Given the low number of disciplinary actions issued over the past 12 months, enforcement costs are expected to be minimal and absorbed within the Board's current operating budget. (8) recommends adoption.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of September 2014

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of September, 2014, is 5 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary

Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the

Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.98 to which was added 2.50 percentage points for a total of 5.48 that by law is rounded off to the nearest quarter at 5 1/2%.

DEPARTMENT OF EDUCATION

Annual Certification under Section 7201-B(e) of the Tax Reform Code

August 6, 2014

William R. Hite, Jr., Ed.D.
Superintendent
School District of Philadelphia
440 North Broad Street, Suite 301
Philadelphia, PA 19130

I am writing pursuant to Section 7201-B(e) of the Tax Reform Code, Act 52 of 2013, 72 P.S. § 7201-B(e). That section provides that a city of the first class may impose a one percent sales and use tax that may be used by a school district of the first class in an amount up to \$120,000,000. Effective July 1, 2014, the City of Philadelphia has imposed this additional sales and use tax. However, the use of these funds by the School District of Philadelphia must be authorized by the Secretary of Education.

Pursuant to Section 7201-B(e)(1), as Secretary of Education, I am to consider whether "the school district . . . began implementation of reforms that provide for [the district's] fiscal stability, educational improvement and operational control." In my judgment, the School District of Philadelphia has begun implementation of such reforms in all three areas described in the statute.

From a fiscal standpoint, the District continues to make the kinds of changes that are necessary to establish long-term fiscal stability. The District has negotiated a new, three-year contract with the administrators' union that will generate over \$20 million in savings. The District has also pursued the sale of many surplus and unused school buildings, which could generate over \$30 million. The District has also undertaken other reforms to reduce costs and increase efficiency. This includes the creation of the Office of Strategic Partnerships, which has raised funds and improved the capacity to access and utilize financial and in-kind support for schools. There have also been changes and improvement to transportation policies and the procurement process to reduce costs and increase efficiency.

Several new programs and initiatives demonstrate that the District continues to make key changes that improve its operational control, while simultaneously maximizing the educational improvement opportunities for students:

- The District released an action plan describing its vision for the District, which includes: 100% of students graduating, ready for college and career; 100% of 8-year-olds reading on grade level; 100% of schools with great principals and great teachers; and all the revenue the District needs with zero deficit. The action plan includes strategies and tactics for achieving these laudable goals.
- The District launched the School Redesign Initiative, which calls upon teachers, school leaders, families, community groups, and others to work together to redesign schools to meet the needs of 21st century learning.
- The District implemented the Authorizer Quality Initiative, a set of new charter school authorizing policies, standards, and procedures.
- The District has focused on improving career and college readiness. As part of this effort, the District will

open three neighborhood-based high schools this fall, all of which focus on college and career readiness, student resiliency, and personalized learning. The District also created career academies at Roxborough and Lincoln High Schools to better connect students with pathways to higher education and the workplace. Additionally, the District has partnered with the Community College of Philadelphia to develop a dual enrollment program to enable students to experience college-level coursework and earn college credits.

- The District has also focused on improving early learning. The District has spearheaded an early literacy campaign, in conjunction with external partners, to help meet the goal of all 8-year-olds reading at grade level.
- The District further expanded its student-focused approach to the staff assignment and transfer process and redesigned its principal selection process to attract outstanding leaders.
- The District debuted the School Progress Report, a new tool that looks at all the schools on multiple dimensions and is designed to help support, respond to, and improve schools.

sions and is designed to help support, respond to, and improve schools.

Finally, in an effort to be more transparent with its finances, the District posted all of its budget information, including details about outside contracts and employee salaries online in conjunction with the City of Philadelphia's Open Data initiative.

As a result of the foregoing, I hereby certify that the requisites of Section 7201-B(e) of the Tax Reform Code have been satisfied. I authorize the Pennsylvania Department of Revenue to disburse to the District, on or before the tenth day of every month, the total amount of money contained in the Local Sales and Use Tax Fund as of the last day of the previous month up to a maximum of \$120,000,000 pursuant to section 7201-B(e)(2) of the Tax Reform Code.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to pub-

lish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application, and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments; Identification of the proposed Plan Approval/Operating Permit including the permit number; and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin*, or by telephone, when the Department determines this notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Subchapters D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations

on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the EPA for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91–96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

HAZARDOUS SITES CLEANUP ACT OF OCTOBER 18, 1988

Notice of Proposed Interim Response Philipsburg Rod and Gun Club Rush Township, Centre County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.102–6020.1305), is proposing an interim response at Philipsburg Rod and Gun Club, Rush Township, Centre County, Pennsylvania. This response is proposed pursuant to Sections 501(a) and 505(b) of the HSCA (35 P. S. §§ 501(a) and 505(b)). Philipsburg Rod and Gun Club (PRGC) is located within Black Moshannon State Park on Beaver Road in the Rush Township, Centre County. The site is a trap shooting range located on land that PRGC leases from the Department of Conservation and Natural Resources (DCNR) and consists of the shot fall zone plus any locations where the lead, or associated contaminants from the shot, may have migrated. The environmental investigations at the PRGC site have identified extensive soil and limited groundwater contamination. Soil contamination of lead and other metals associated with the shot exceed the Departments Statewide Health Standards (SHS) for soil. Shallow groundwater is also contaminated with lead above the SHS for groundwater.

The Department proposes to conduct a targeted removal action in the area where soil contamination is present above the SHS. The following alternatives were reviewed for this removal action.

Alternative 1. No Further Action—The “No Further Action” alternative does not reduce the toxicity, mobility, or volume of contamination and therefore does not meet the criteria of being protective of human health or the environment.

Alternative 2. Stabilization of impacted soil—The lead shot will be excavated and recovered and the soil will be stabilized. Stabilization involves in situ or ex situ mixing of contaminated soil with an amendment to significantly decrease the leachability of lead. This remedy will reduce the concentration and mobility of the lead remaining at the Site. The total estimated project cost for this Alternative is \$835,319.

Alternative 3. Stabilization and Capping—This Alternative is the same as Alternative 2, but with the addition of a low permeable cap to reduce surface water infiltration. The remedy should reduce the concentration and mobility of the lead remaining at the Site. It will also provide an impermeable cap to limit direct exposure pathways and leaching of the lead to the groundwater. The total estimated project cost for this alternative is \$1,530,858.

Alternative 4. Excavation and Nonhazardous Disposal—Contaminated soil will be excavated and treated on site to render it nonhazardous. The soil will then be disposed off-site in a permitted residual/municipal waste landfill.

The proposed response is Alternative 2 above, as it is the most cost effective. By removing the most severe contamination and addressing the other area through institutional controls, the potential exposure can be limited while still removing a significant mass of contamination.

This notice is being provided pursuant to Section 506(b) of HSCA. The administrative record which contains the information that forms the basis and documents the selection of this response action is available for public review and comment. The administrative record is located at the Black Moshannon State Park Office, 4216 Beaver Road, Philipsburg, PA and at the Department's North-central Regional Office, 208 West Third Street, Williamsport, PA and is available for review Monday through Friday from 9:00 a.m. to 4:00 p.m. For reviews at the Department's North-central Regional Office appointments must be made in advance by contacting 570.327.0550 and requesting to review the Philipsburg Rod and Gun Club administrative record.

The administrative record will be open for comment from August 9 2014 until November 9, 2014. Persons may submit written comments into the record during this time only, by sending them to Randy Farmerie at PADEP 208 West Third Street, Suite 101 Williamsport, PA 17701 or by delivering them to this office in person. In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. The Department has scheduled the hearing on September 22, 2014 at 7:30 p.m. at the Rush Township Building, 150 North Richard Street, Philipsburg, PA 16866. The public hearing will be preceded by a public meeting at the same location beginning at 6:30 p.m. Persons wishing to present comments at the public hearing must register at the hearing location before the public hearing begins.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accom-

modations to participate in the proceedings, should call Dan Spadoni at 570.327.3659 or through the Pennsylvania AT & T Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate their needs.

Settlement under the Comprehensive Environmental Response, Compensation and Liability Act and the Hazardous Sites Cleanup Act

The Department of Environmental Protection (“Department”), under the authority of the Hazardous Sites Cleanup Act (HSCA), 35 P. S. Sections 6020.101—6020.1305, has entered into an Amendment to a Consent Order and Agreement between the Department and Destination Maternity Corporation (successor to Mother Works, Inc.) relating to property located at 456 North 5th Street, Philadelphia, PA.

On July 31, 1995, the Department entered in to a Consent Order and Agreement with Mother Works, Inc. (“MWI”), wherein MWI agreed to take certain actions related to the property in exchange for a Covenant Not To Sue from the Department. One of the conditions of this Consent Order and Agreement was an institutional control in the form of a restriction limiting land use to a certain zoning classification. In July of 2014, MWI approached the Department and provided documentation demonstrating that this institutional control was no longer necessary at the Site. Consequently, the Department has entered into an Amendment to the Consent Order and Agreement which deletes the zoning use restriction.

Copies of the Amendment to Consent Order and Agreement are maintained in the Department's files for the Southeast Region and may be obtained upon request to Anderson Lee Hartzell, Regional Supervising Counsel, 2 East Main Street, Norristown, PA 19401.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media;

benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

DEPARTMENT OF PUBLIC WELFARE

Availability of Pennsylvania's Statewide Transition Plan for Home and Community-Based Settings; Public Input Meetings

The Department of Public Welfare (Department) is making available for public review and comment Pennsylvania's proposed Statewide Transition Plan for Home and Community-Based Settings. Comments on this notice and comments received at the public input meetings will be used to formulate Pennsylvania's Final Statewide Transition Plan that will be submitted to the Centers for Medicare and Medicaid Services (CMS).

Background

On January 16, 2014, CMS published a final rule for home and community-based services (HCBS) in the *Federal Register* with an effective date of March 17, 2014. See 79 FR 2948. This final rule, among other things, amends the Medicaid regulations for HCBS waivers under section 1915(c) of the Social Security Act (42 U.S.C.A. § 1396n(c)) to provide requirements regarding person-centered plans of care, characteristics of settings that are home and community-based as well as settings that may not be home and community-based. See 42 CFR Parts 430, 431, 435, 436, 440, 441 and 447. These requirements reflect CMS's intent that individuals receiving services and supports through Medicaid waivers receive services in settings that are integrated in and support full access to the greater community.

All 1915(c) Medicaid waivers must comply with these requirements. In this Commonwealth there are ten 1915(c) Medicaid HCBS waivers:

- Adult Autism Waiver
- AIDS Waiver
- Aging Waiver
- Attendant Care Waiver
- COMM CARE Waiver
- Consolidated Waiver
- Independence Waiver
- Infant, Toddlers and Families Waiver
- OBRA Waiver
- Person/Family-Directed Support Waiver

The final rule recognized that a transition period may be needed for states with existing approved 1915(c) HCBS waivers to meet the provisions of the final rule. The final rule provides the Commonwealth with the opportunity to develop a transition plan that encompasses a period of up to 5 years after the effective date of the regulation to meet the provisions of the final rule. For more details about the Home and Community-Based Services Final Rule, refer to the CMS HCBS web page at <http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Long-Term-Services-and-Supports/Home-and-Community-Based-Services.html>.

Transition Plan

The Department has made Pennsylvania's proposed Statewide Transition Plan for all ten 1915(c) Medicaid

HCBS waivers available at <http://www.dpw.state.pa.us/dpworganization/officeoflongtermliving/hcbswaiver/index.htm>. The proposed Statewide transition plan includes the steps the Department anticipates taking to assess compliance in the following areas: Unallowable Settings; Settings that are Presumed not Eligible; Qualifications for all Home and Community-Based Settings; and Requirements for Provider-Owned or Controlled Home and Community-Based Residential Settings.

The Department will hold five public input meetings throughout this Commonwealth to receive comments on the proposed Statewide transition plan.

PHILADELPHIA PARKING AUTHORITY

Authorization of Wheelchair Accessible Taxicab Medallions; Doc. No. 14-003

Order

By the Authority:

The Philadelphia Parking Authority (the "Authority"), regulates all taxicab and limousine service in the City of Philadelphia (the "City").¹ The Authority is currently empowered to issue and sell 45 new taxicab medallions.²

Background

In 2012 the General Assembly increased the statutory ceiling on the number of Philadelphia taxicab medallions from 1,600 to 1,615.³ Each of those 15 new medallions is required to be affixed to a vehicle capable of providing wheelchair accessible taxicab service.⁴ Act 119 also increased that statutory ceiling by 15 medallions on June 1, 2013, and an additional 15 each June 1, thereafter until the statutory ceiling reaches 1,750.⁵ The primary impetus for Act 119 was the failure of existing medallion owners to address the transportation needs of the disabled community. In order to begin to address this short coming in Philadelphia's public transportation system, the Authority will restrict all 45 of the new medallions authorized as of the date of this order for use on wheelchair accessible vehicles ("WAVs").⁶

Therefore,

It Is Ordered That:

1. The Director of the Authority's Taxicab and Limousine Division ("TLD"), or his designee (the "Director"), shall administer the sale of the 45 Philadelphia taxicab medallions currently authorized by Act 119 (collectively the "45 medallions"). Each of the 45 medallions is hereby designated a WAV medallion, in perpetuity.

2. Prior to the effective date of Act 119, 1,600 medallions were authorized for issuance by statute. One of those medallions had been surrendered by the owner, which made that medallion nontransferable. However, a 1,600th medallion remains available for issuance. That medallion will be numbered "1601" (the number used to identify the surrendered and nontransferable medallion will not be used again). This issue was addressed in the Board's Order dated March 28, 2013, at Docket No. P-12-02-01.

3. In the event that the review of the Authority's March 28, 2013 Order is finally resolved in the Authority's favor, the Director is also authorized to administer the sale of medallion 1601, as provided in this Order. Medallion 1601 will be sold as a WAV medallion.

4. The 45 medallions will be identified by a numbering system to include "WP" (Wheelchair Philadelphia) before the number assigned to the medallion. The first of the 45 Medallions will be identified as "WP-1602," the second will be "WP-1603," and so on. Medallion 1601 will be identified as "WP-1601."

5. Each medallion authorized by this Order will be sold separately by sealed competitive bid, as provided by the Authority's regulations.

6. Each sealed bid for a medallion must be filed with the TLD Clerk, by hand delivery, at the TLD's headquarters at 2415 South Swanson Street, Philadelphia, PA 19148.

7. In order to be considered filed, a medallion bid must be time stamped by the TLD's Clerk.

8. The Clerk may only time stamp a medallion bid as follows:

- a) Between 9:00 a.m. and 4:00 p.m. on the business day preceding the date of the scheduled medallion sale; or
- b) Between 9:00 a.m. and 9:30 a.m. on the day of the scheduled medallion sale.

9. The upset price for each medallion will be \$475,000.

10. The Director may, in his discretion, remove any medallion from a scheduled bid opening date. In this case, the sale of that medallion will be rescheduled for sale as provided in this Order.

11. The Director may, in his discretion, remove any medallion from a scheduled bid opening date and place the medallion before this Board for a new sale authorization, pursuant to such terms and conditions as the Board may then impose.

12. The sealed bids for the medallions will be opened by the Director at the TLD's headquarters at 11:00 a.m. at 2415 South Swanson Street, Philadelphia, PA 19148 as follows:

- a) On October 22, 2014: Medallion Nos. WP-1602 and 1603.

⁵ See 53 Pa.C.S. § 5711(c)(2)(iii).

⁶ In our Final Rulemaking Order No. 126-5, entered on June 12, 2014, the Authority committed to restricting all 150 of the Act 119 medallions to WAV use.
